

DAVIDOFF - COOL WATER - EST. 1988

Cool Water is defined by its iconically invigorating, sea breeze notes that endure throughout the whole fragrance's life-cycle. The head is accompanied by notes of pine, which evoke peppermint and coriander. Rosemary emerges soon after to lead into a floral heart of jasmine and carnation. Sandalwood notes draw towards a base composed of fresh oakmoss and cedar wood over musk warmth.

SCORE & CONCLUSION

Davidoff Cool Water is a striking and refreshing fragrance. Its cool sea breeze notes are youthful, exuding coastal nightclubs and summer cocktails. Its properties are distinctive hallmarks of late-1980s fashion. Consequently, it may not have aged well compared to more mature & refined fragrances from earlier periods.
